RE: CC Docket No. 96-45  
**Interstate Common Line Support and Long Term Support - ICLS**  
Annual Certification Filing

This is to certify that Southeast Wireless, Inc. will use its **Interstate Common Line Support and Long Term Support** only for the provision, maintenance, and upgrading of facilities and service for which the support is intended.

I am authorized to make this certification on behalf of the company named above. This certification is for the study area(s) listed below.

Company Name	State	Study Area Code
Danville Mutual Telephone Company	Iowa	351147
Mediapolis Telephone Company	Iowa	351251
Mutual Telephone Company of Morning Sun, Iowa	Iowa	351252

NOTICE: Section 54.903(a)(1) of the Federal Communications Commission's rules requires all rate-of-return telecommunications carriers to provide line count information necessary to compute Interstate Common Line Support to USAC, the universal service Administrator. This information must be submitted on July 31st of each year, and on a quarterly basis if a competitive eligible telecommunications carrier (CETC) has initiated service in the rate-of-return incumbent carrier's service area and reported line count data to USAC in the rate-of-return incumbent carrier's service area, in order for the carrier to be eligible to receive Interstate Common Line Support. This collection of information stems from the Commission's authority under Section 254 of the Communications Act of 1934, as amended, 47 U.S.C. §254. The data in the form will be used to calculate the amount of support, if any, that each reporting carrier is eligible to receive from the Interstate Common Line Support Mechanism.

We have estimated that each response to this collection of information will take, on average, 5.32 hours. Our estimate includes the time to read the instructions, look through existing records, gather and maintain the required data, and actually complete and review the form or response. If you have any comments on this estimate, or how we can improve the collection and reduce the burden it causes you, please write to the Federal Communications Commission, AMD-PEROM, Washington, D.C. 20554, Paperwork Reduction Project (3060-0972). We also will accept your comments via the Internet if you send them to [JBoley@fcc.gov](mailto:JBoley@fcc.gov). Please DO NOT SEND COMPLETED DATA COLLECTION FORMS TO THIS ADDRESS.

Remember – You are not required to respond to a collection of information sponsored by the Federal government, and the government may not conduct or sponsor this collection, unless it displays a currently valid Office of Management and Budget (OMB) control number. This collection has been assigned an OMB control number of 3060-0972.

The Commission is authorized under the Communications Act of 1934, as amended, to collect the information we request in this form. We will use the information that you provide to determine Interstate Common Line Support amounts. If we believe there may be a violation or potential violation of a statute or a Commission regulation, rule, or order, your form may be referred to the Federal, state, or local agency responsible for investigating, prosecuting, enforcing, or implementing the statute, rule, regulation, or order. In certain cases, the information in your form may be disclosed to the Department of Justice, court, or other adjudicative body when (a) the Commission; (b) any employee of the Commission; or (c) the United States government, is a party to a proceeding before the body or has an interest in the proceeding.

If you do not provide the information we request on this form, you are not eligible to receive support under the Interstate Common Line Support Mechanism, 47.C.F.R. § 54.903.

The foregoing Notice is required by the Paperwork Reduction Act of 1995, P.L. No. 104-13, 44 U.S.C. § 3501, et seq.

CERTIFICATION-REPORTING CARRIER

STATE OF IOWA  
DEPARTMENT OF COMMERCE  
UTILITIES BOARD

IN RE:

IOWA WIRELESS SERVICES L.P. AND  
ASSOCIATED COMPANIES

DOCKET NO. 199 IAC 39.2(4)

**ORDER DESIGNATING ELIGIBLE CARRIERS**

(Issued April 26, 2002)

On March 18, 2002, Iowa Wireless Services L.P. (Iowa Wireless) filed with the Utilities Board (Board) a joint application for universal service eligible carrier status in Iowa on behalf of Iowa Wireless and 19 associated companies. On March 27, 2002, Iowa Wireless filed an amended application adding two additional associated companies to the joint application. Iowa Wireless asks that the Board designate Iowa Wireless and its 21 associated companies as eligible telecommunications carriers pursuant to 199 IAC 39.2(4). No objections have been filed regarding the joint application.

Board rule 39.2 provides a means by which the Board can designate Iowa telecommunications companies to be eligible to receive funding from the universal service fund, as defined by the Telecommunications Act of 1996, 47 U.S.C. § 254. Under the Act (and Federal Communications Commission (FCC) regulations implementing the Act), the Board must determine that a carrier meets the following

service requirements before it may be designated an eligible carrier as set forth in rule 39.2(4):

- 1) Offer the services supported by the federal universal service fund;
- 2) Offer the service using its own facilities or a combination of its own facilities and resale (47 C.F.R. § 54.201(c) provides that "own facilities" includes purchased unbundled network elements).
- 3) Advertise the availability of the supported services; and
- 4) Offer the services throughout the designated service area.

An eligible telecommunications carrier (ETC) must also offer a minimum amount of local exchange service, defined in usage minutes, provided with no additional charge to customers. See FCC 98-272, October 26, 1998. See also 199 IAC 39.2(1)"b." The FCC has not yet quantified a minimum amount of local usage required to be included in a universal service offering, but has initiated a separate rule making proceeding to address this issue. Id. Any minimum local usage requirements established by the FCC as a result of that rule making would be applicable to all designated ETCs. The Board understands that Iowa Wireless and its associated companies will comply with any and all minimum local usage requirements adopted by the FCC. The Board also understands that until the FCC establishes a minimum requirement, Iowa Wireless and its associated companies will offer at least one universal service offering with unlimited local calling in their respective universal service offerings.

---

In their request for designation, Iowa Wireless and its associated companies state that they satisfy each of these named requirements. Based upon those unopposed representations and each of the companies' commitments to follow the minimum local usage requirements when adopted by the FCC, the Board finds that Iowa Wireless and its associated companies offer the services supported by the federal universal service fund, using their own facilities or a combination of their own facilities and resale of the facilities of another carrier. The Board finds that Iowa Wireless and its associated companies advertise and offer the services throughout their service areas as described in Attachment "B," which will be their designated service areas for purposes of the universal service fund. The Board finds these commitments by Iowa Wireless and the 21 associated companies are adequate to assure that public interest concerns will be satisfied.

The Board appreciates Iowa Wireless including all of these requests in one joint application for eligible carrier status. However, pursuant to a recent federal mandate, each of the associated companies will be required to file, individually, with the Board by September 10, 2002, the certifications regarding use of universal service funds. These filings will be pursuant to the Board's proposed rule 199 IAC 22.2(7), as described in Docket No. RMU-01-14.

**IT IS THEREFORE ORDERED:**

1. Eligible telecommunications carrier status is granted to Iowa Wireless Services L.P. and the following 21 associated companies as requested in the joint application and amendment, filed March 18 and March 27, 2002, respectively, subject to the voluntary commitments regarding the local usage requirement as described in the body of this order:

- a) Cooperative Telephone Company
  - b) MAC Wireless, LLC
  - c) South Slope Cooperative Telephone Company
  - d) Olin Telephone Company Inc.
  - e) CST Communications
  - f) Montezuma Mutual Telephone Co.
  - g) Mill Valley Wireless
  - h) PST Digital, LLC
  - i) East Buchanan Telephone Cooperative
  - j) KCTC PCS
  - k) Sharon Telephone Company
  - l) Wellman Cooperative Telephone Association
  - m) WTC Communications Inc.
  - n) Wapsi Wireless, LLC
  - o) Benton/Linn Wireless LLC
  - p) Southeast Wireless Inc.
-

- q) Northeast Iowa Telephone Company
- r) Community Digital Wireless
- s) South East Iowa Wireless L.L.C.
- t) Cedar County PCS, L.L.C.
- u) Brooklyn Mutual Telephone Co.

The designated service areas for Iowa Wireless Services L.P. and its associated companies shall be the service territories documented in Attachment "B" of the joint application attached to and incorporated by reference in this order.

2. The Executive Secretary of the Utilities Board shall mail copies of this order to Iowa Wireless Services, Inc., the named associated companies, the Universal Service Administration Company, the Federal Communications Commission Universal Service Branch, and the Federal Communications Commission Office of the Secretary.

**UTILITIES BOARD**
